## **DIRECTORS' REPORT**

The operating environment in the year ended 30 June 2009 was challenging. The early months of the year represented a subdued property environment, impacted by high interest rates, high inflation and escalating construction costs. The high interest rates contributed to declining rates of sales and property values.

This was swiftly overshadowed by the onset of the Global Financial Crisis, which saw rates of sales and property values of both retirement villages and land come under further pressure. Retirees represent a large customer segment for the Crighton Properties Group and this segment experienced significant erosion in their superannuation balances and the perceived value of their equity in their homes. This resulted in a number of Crighton Properties' potential purchasers deferring or reassessing their retirement plans.

However, by the end of the financial year, the situation in the global financial markets began to stabilise and the risk of an even deeper crisis in the financial markets receded. This resulted in a strong rebound in equity markets and also provided support to property markets, as availability of credit to this sector improved and interest rates fell.

This improvement translated into significantly improved rates of sales in Crighton Properties' retirement village and land sales divisions in the last quarter of the year ended 30 June 2009 and the first quarter of the following year. Although rates of sales and capital growth remain below long term averages, the Directors are expecting a gradual but sustained improvement in this area in the coming year.

In respect of the planning activities of the Crighton Properties Group, the year ended 30 June 2009 was also eventful. Crighton Properties was successful in achieving a development application in Bathurst for a 215 home retirement village. In addition, Crighton Properties was successful in obtaining Compatibility Certificates for two other retirement village projects in Mudgee and Laurieton. The receipt of Compatibility Certificates significantly enhances the likelihood that Crighton Properties will be successful in subsequently obtaining development application approvals for these projects.

However, in December 2008, Crighton Properties' development application for a retirement village in Jamberoo was rejected. Upon considerations of the relevant facts, Crighton Properties made the decision not to pursue this project further.

In addition, subsequent to the year ended 30 June 2009, Crighton Properties withdrew its Riverside Part 3A application. This was withdrawn in order to avoid a rejection of this application, which the Department of Planning had foreshadowed. By avoiding a formal rejection, Crighton Properties is confident that an amended application to accommodate the primary concerns of the Department of Planning would result in a shorter approval process than would have been the case had the Part 3A application been rejected.

From 1 July 2008 the management of the Hermitage Retirement Village was transferred to a special purpose vehicle, The Hermitage Management Pty Ltd. The operation of the village is unaffected by this transfer and The Hermitage Lifestyle Resort Pty Limited remains the owner of The Hermitage Retirement Village.

Also from 1 July 2008 the management of Tea Gardens Retirement Village was transferred to a special purpose vehicle, Tea Gardens Grange Management Pty Limited. The operation of the village is unaffected by this transfer and Tea Gardens Grange Pty Limited remains the owner of Tea Gardens Grange Retirement Village.

### **SIGNIFICANT CHANGES IN THE YEAR**

Other than described above, no significant changes in the company's state of affairs occurred during the financial year.

**CRIGHTON PROPERTIES PTY LTD**  
**ABN 16 000 830 875**

**DIRECTORS' REPORT**

**PRINCIPAL ACTIVITIES**

The principal activities of the company during the financial year were Property Development and the operation of a retirement village.

Other than described above, no significant change in the nature of these activities occurred during the year.

**AFTER BALANCE DATE EVENTS**

A Part 3A application in relation to a property known as Riverside at Tea Gardens has been withdrawn after the balance sheet date. A revised application is intended to be submitted based upon advice from the company's consulting ecologists.

**FUTURE DEVELOPMENTS**

Likely developments in the operations of the company and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the company.

**DIVIDENDS**

A fully franked dividend of \$91,609 was paid during the year.

**SHARES IN COMPANIES**

There was a 10,000 for 1 share split of Class A shares during the year ended 30 June 2009. The par value of shares was reduced by the same proportion which meant that paid up capital was unaffected.

**INDEMNIFYING OFFICER OR AUDITOR**

During the year, the company effected a directors and officer's liability policy. The insurance policy provides cover for the directors named in this report, the company secretary, officers and former directors and officers of the company.

This policy prohibits the disclosure of the nature of the indemnification and the insurance cover, and the amount of the premium.

No indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is or has been an auditor of the company.

**Auditors' Independence Declaration**

A copy of the auditors' independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 4. ✓

**1 Statement of Significant Accounting Policies**

This financial report includes the consolidated financial statements and notes of Crighton Properties Pty Limited and Controlled Entities (consolidated entity or group) and the separate financial statements and notes of Crighton Properties Pty Limited as an individual parent entity (parent entity). Crighton Properties Pty Limited and Controlled Entities are companies limited by shares, incorporated and domiciled in Australia. Crighton Properties Pty Limited is listed on the Bermuda Stock Exchange.

**Reporting basis and conventions**

The directors have prepared the financial statements on the basis that the company is a non reporting entity because there are no users dependent on general purpose financial reports. This financial report is therefore a special purpose financial report that has been prepared in order to meet the needs of members.

The financial report has been prepared in accordance with the significant accounting policies disclosed below which the directors have determined are appropriate to meet the needs of members. Such accounting policies are consistent with the previous period unless stated otherwise.

The financial statements are presented in Australian dollars which is the entity's functional and presentation currency.

The financial statements have been prepared on an accruals basis and are based on historical costs unless otherwise stated in the notes. The material accounting policies that have been adopted in the preparation of this report are as follows:

**Principles of Consolidation**

A controlled entity is any entity over which Crighton Properties Pty Ltd has the power to govern the financial and operating policies so as to obtain benefits from its activities. In assessing the power to govern, the existence and effect the holdings of actual and potential voting rights are considered.

As at reporting date, the assets and liabilities of all controlled entities have been incorporated into the consolidated financial statements as well as their results for the year then ended. Control of Myall River Downs Pty Ltd was obtained on 1 July 2008, being acquisition date.

All inter-group balances and transactions between entities in the consolidated group, including any unrealised profits or losses, have been eliminated on consolidation. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with those adopted by the parent entity.

## **Accounting Policies**

### **Going Concern**

The financial report has been prepared on the going concern basis which defines the entity as:

(a) being able to pay its debts as and when they fall due; and

(b) being able to continue in operation with any intention or necessity to liquidate or otherwise wind up its operations.

### **Income Tax**

The tax expense/(income) for the year comprises current tax expense/(income) and deferred tax expense/(income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid (recovered from) the relevant taxation authority.

Deferred income tax expense reflects movements in deferred tax assets and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are credited or charged directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2009**

---

Where temporary differences exist in relation to investments in subsidiaries, branches, associates, and joint ventures, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

Current tax assets and liabilities are offset where a legally enforceable right of set-off exists and it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur. Deferred tax assets and liabilities are offset where a legally enforceable right of set-off exists, the deferred tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where it is intended that net settlement or simultaneous realisation and settlement of the respective asset and liability will occur in future periods in which significant amounts of deferred tax assets or liabilities are expected to be recovered or settled.

This method was not applied in the prior year.

### **Inventories**

In respect to livestock, cost is calculated on the average cost basis used for income tax purposes.

### **Property, Plant and Equipment**

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

#### **Plant and equipment**

Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets.

#### **Depreciation**

The depreciable amount of all fixed assets including building and capitalised lease assets, but excluding freehold land, is depreciated on a straight line basis over the asset's useful life to the company commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

| Class of Fixed Asset        | Depreciation Rate |
|-----------------------------|-------------------|
| Plant and Equipment         | 10 - 40%          |
| Motor Vehicles              | 18.5 - 22.5%      |
| Office Equipment            | 10 - 40%          |
| Furniture & Fittings        | 10 - 40%          |
| Leased Vehicles & Equipment | 25%               |

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2009**

---

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the income statement. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

### **Investment Property**

The retirement village and villas include land and/or buildings that earn income. All tenant leases were made on an arm's length basis. These investment properties are carried at fair value based on independent or director's valuation.

All other investment properties are held for capital appreciation. They are valued annually by independent valuers or directors and carried at fair value. Changes in fair value are recorded in the income statement.

### **Leases**

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership are transferred to the company, are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

### **Impairment of Assets**

At each reporting date, the company reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

**Employee Benefits**

Provision is made for the group's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits payable later than one year have been measured at its current value.

**Superannuation**

Contributions are made by the group to an employee superannuation fund and are charged as expenses when incurred. The group has no legal obligation to provide benefits to employees on retirement.

**Provisions**

Provisions are recognised when the group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions recognised represent the best estimate of the amounts required to settle the obligation at reporting date.

**Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the balance sheet.

**Revenue and Other Income**

Revenue from the sale of properties is recognised at completion of the sales contract as this corresponds to the transfer of significant risks and rewards of ownership of the properties and cessation of all involvement in those properties.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

All revenue is recognised on an accruals basis.

All revenue is stated net of the amount of goods and services tax (GST).

**Self Care Villas, Redemption and Rollover**

Self care residents who enter the villages during the financial year as a result of the redemption of a previous resident, enter on the basis of a 99 year lease, with an interest free loan granted by the incoming resident. When the resident leaves the village, there is a deferred management fee (the departure fee) and a shared capital gain calculated.

**Resident Loans and Capital Gain Payable to Resident**

Resident loans are measured at face value, representing the principal amount. Resident loans are non-interest bearing and repayable upon departure.

Resident capital gains represent the residents' share of capital gains (as set out in the lease agreements) on the leased villas that have accrued at balance sheet date and are payable to residents on their departure. The capital gain on the villas is calculated on the difference between the current value of the villas, as determined by the directors and the original lease value of the villas.

**Departure Fees**

Departure fees become payable by residents when they depart the village. The amount payable by the departing resident is calculated based upon a long term lease agreement with respect to the relevant villas. The departure fee is calculated with reference to the re-lease value of the relevant villas and the length of residency of each departing resident.

Departure fees that have accrued but are not payable as at the balance sheet date are recognised as non-current assets in the balance sheet. The accrual amount is calculated by forecasting when each resident is expected to depart the village, by reference to the anticipated average length of occupancy of each resident, and the amount of departure fees that would be payable at that time, based on directors assessment of current and historical evidence of values and transactions in an open market. These forecast amounts are then discounted to determine a net present value of future departure fees as at the balance sheet date.

---

**Borrowing Costs**

Borrowing costs in the form of bank and legal fees associated with an application for finance are capitalised and amortised over five years.

All other fees and interest charges are charged to the income statement as incurred.

**Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

**Comparative Figures**

Unless noted otherwise, when required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

**Critical Accounting Estimates and Judgments**

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

*Key estimates - Independent Property Valuation*

The group periodically revalues property held based on independent external valuations and directors' reliance on them, or directors' valuations. These valuations assume a market for the property which will remain consistent with recent sales and does not take account of any future trends within the property market. When a retirement village villa is constructed a pro rata allocation of the revalued amount applicable to the retirement village operations is allocated to the villa and included in villas at valuation.

As at balance date investment property, GST payable and deferred tax liability disclosed in the financial statements rely on, or are calculated from, the amounts disclosed on the independent/directors valuations of the properties held by the group.

*Key judgements - Impairment*

The company assesses impairment at each reporting date by evaluating conditions specific to the company that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. The fair value of the investments is considered to be represented by the net assets of the entity. Value-in-use calculations have not been performed since future cash flows are uncertain.

*Key judgements - Classification of Properties*

The directors are of the opinion that properties held by the group are held for the purpose of obtaining deferred management fee and/or other income or capital appreciation and are therefore classified as investment properties in accordance with AASB 140 Investment Property.

*Key judgements - Uncertainty Regarding Continuity of Bank Finance*

The company and the majority of the group's external loan funding is due for renewal within 12 months. Discussions with financiers is ongoing and the continuance of funding has been indicated to the company and the group. However, the potential exists for the companies within the group to no longer be in accordance with their loan to valuation covenants and therefore be in breach of their funding agreements with respect to their financiers. Acknowledging this, the company and group have alternative plans in place to rationalise operations on the assumption that ongoing funding may not be available. These plans include the active marketing of non-core assets and the appointment of an agency to actively seek a joint venture partner for the group's current and future retirement village projects. These actions, if achieved, could reasonably be expected to avoid any breach of financial covenants with the group's financiers.

*Key judgements - Uncertainty Regarding Valuation of Investment Property*

The investment property held by Crighton Byron Pty Ltd is valued at \$21,257,400 with an associated deferred tax liability of \$2,329,436. This is based on the sales contract dated 5 September 2008 for \$6,257,400 and the directors valuation of \$15,000,000. The contract of sale is conditional upon a Section 54 of the Environmental Planning Assessment Act 1979 being issued by the relevant planning authority or an approval under Part 3A of the same act being issued by the Department of Planning, within two years from the date of exchange. These conditional requirements indicate the existence of a material uncertainty regarding the valuation of the property.

The investment property held by Crighton Properties Pty Ltd known as Riverside, Myall Road, Tea Gardens is independently valued as \$25,500,000. Since the year-end, the company has withdrawn its Part 3A Application in relation to this property. A revised application will be submitted based on advice from the company's consulting ecologists which, subject to soil analysis, may indicate that the area mapped as Endangered Ecological Communities (EECs) may not be EEC. These conditions indicate the existence of a material uncertainty regarding the valuation of the property.

**CRIGHTON PROPERTIES PTY LTD  
AND CONTROLLED ENTITIES  
ABN 16 000 830 875**

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2009**

The investment property held by Myall River Downs Pty Ltd at Tea Gardens is valued at \$19,262,900 with an associated deferred GST payable of \$1,535,465 and a deferred tax liability of \$3,687,951. The directors' valuation is based on 3 December 2005 independent valuation of this property and a percentage reduction in valuation based on a similarly located property held by Crighton Properties Pty Ltd at Riverside, Myall Road, Tea Gardens. This independent valuation on the similarly located property was performed on 12 April 2009.

Given the value of this property in relation to Myall River Downs Pty Ltd, a controlled entity of Crighton Properties Pty Ltd, the reassessment to fair value by the directors on the basis of a reduction in a similarly located property is a critical judgement that may have a material affect on the interpretation of the financial statements.

### **Change in Comparatives**

#### **Reclassification of Property, Plant and Equipment and Inventory to Investment Property**

The properties held by Crighton Properties Pty Ltd and Controlled Entities are for capital appreciation, therefore meeting the definition of investment property according to AASB 140. These properties were previously disclosed as inventory or property, plant and equipment in the 2008 financial statements. In accordance with AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors a retrospective restatement is required.

The aggregate effect of the change on the annual financial statements for the year ended 30 June, 2008 is as follows (no taxation effect results from these changes):

**DIRECTORS' DECLARATION**

The directors have determined that the company is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The directors of the company declare that:

1. The financial statements and notes, as set out on pages 1 to 33 present fairly the company's financial position as at 30 June, 2009 and its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements; and
2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Director:

  
Mr Geoffrey John Cox

Director:

  
Mr Andrew Douglas Cox

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF CRIGHTON PROPERTIES PTY LTD  
AND CONTROLLED ENTITIES  
ABN 16 000 830 875**

## Report on the Financial Report

We have audited the accompanying financial report of Crighton Properties Pty Ltd and Controlled Entities which comprises the balance sheet as at 30 June, 2009, and the income statement, statement of changes in equity and cash flow statement for the year ended on that date, a summary of significant accounting policies and other explanatory notes and the directors' declaration.

## Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation and fair presentation of the financial report and have determined that the accounting policies described in Note 1 to the financial statements, which form part of the financial report, are appropriate to meet the requirements of the Corporations Act 2001 and are appropriate to meet the needs of the members. The directors' responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

## Auditors' Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, provided to the directors of Crighton Properties Pty Ltd and Controlled Entities on the date shown, would be in the same terms if provided to the directors as at the date of this auditors' report.

**Qualified Auditors' Opinion**

**Basis for Qualified Opinion**

We were not the appointed auditor for the year ended 30 June 2008 and we have therefore not audited the income statement, statement of changes in equity, notes to the financial statements or cash flow statement for the year ended 30 June 2008 or the balance sheet as at 30 June 2008.

In our opinion, except for the information included in the preceding paragraph, the financial report for Crighton Properties Pty Ltd and Controlled Entities are in accordance with the Corporations Act 2001, including:

(a) giving a true and fair view of the entity's financial position as at 30 June 2009 and of its performance for the year ended on that date; and

(b) the financial report presents fairly, in all material respects, the financial position of Crighton Properties Pty Ltd and Controlled Entities as of 30 June 2009, and of its financial performance and its cash flows for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements.

**Emphasis of Matter**

**Significant Uncertainty Regarding Continuity as a Going Concern**

Without qualifying our opinion, we draw attention to note 1 and 17 in the financial report which indicates the company's and the majority of the group's external funding is due for renewal within 12 months. Discussions with financiers are ongoing however, the potential exists for the companies within the group to no longer be in accordance with their loan to valuation covenants and therefore be in breach of their funding agreements with respect to their financiers. Acknowledging this, the company and group have alternative plans in place to rationalise operations on the assumption that ongoing funding may not be available. These plans include the active marketing of non-core assets and the appointment of an agency to actively seek a joint venture partner for the group's retirement village projects. These actions, if achieved, could reasonably be expected to avoid any breach of financial covenants with the group's financiers however, should these actions not be achieved there exists a material uncertainty which may cast doubt about the company and the group's ability to continue as a going concern and realise their assets in the normal course of business.

**Significant Uncertainty Regarding Valuation of Investment Property**

Without qualifying our opinion we draw attention to note 1 (Critical Judgements & Estimates) and note 13 in regards to the valuation of the investment property held by Crighton Byron Pty Ltd at Byron Bay, Crighton Properties Pty Ltd at Riverside, Myall Road, Tea Gardens and Myall River Downs Pty Ltd at Tea Gardens. Given the significance of these properties there is uncertainty that may have a material affect in the interpretation of the financial statements.
