SPITFIRE BRITISH PROPERTY RECOVERY FUND

Directors' Report for the year ended 31 December 2011

The directors present herewith their report and audited financial statements for the year ended 31 December 2011. The comparative information presented covers the period from 1 October 2009 (date of commencement of operations) to 31 December 2010.

Date of incorporation

Spitfire Funds (Bermuda) Ltd (the "Company"), a Bermuda Exempted Mutual Fund Segregated Account Fund number 42429, was incorporated in Bermuda on the 19 September 2008 under the Segregated Accounts Companies Act 2000.

The Spitfire British Property Recovery Fund (the "Fund") is a segregated account of the Company, under the Bermuda Companies Act 1981 which commenced operations on 1 October 2009.

Principal activity

The Company is an exempted company and was incorporated on 19 September 2008 as an open-ended investment Fund with limited liability in Bermuda and has been authorised as a standard Fund under the Investment Funds Act 2006 ("IFA") and, as such, has power to issue and redeem shares. The Fund invests in open ended property Funds, listed closed end property companies, global quoted property stocks, Real Estate Investments Trusts (REITS), and any other suitable British property related investments, including ETF's (Exchange Traded Funds). The actual allocations across these securities types are actively managed to exploit the opportunities available and may vary over time to seek higher returns. The non-voting redeemable shares "Spitfire British Property Recovery Fund Class A Shares" issued by the Fund were admitted on 8 December 2009 to the Official List of the Bermuda Stock Exchange ("BSX"). The Funds investment portfolio is in compliance with Section IV of the BSX listing rules. The Fund is classified as open marketing under Section IV of the BSX listing rules.

The Fund can issue Spitfire British Property Recovery Class A USD Shares, Spitfire British Property Recovery Class A Euro Shares and Spitfire British Property Recovery Class A Sterling Shares (collectively the "Shares"). Other classes of shares may be created and issued at the discretion of the directors of the Fund. See Note 6 of the financial statements for further disclosures regarding these share classes.

Investment policy

It should be noted that the investment policy of the Fund, which includes investment in underlying funds, will result in multiple layers of fees or a duplication of certain costs that will be charged to the underlying funds by their service providers, as well as to the Fund by the service providers of the Fund. Such costs will include, but are not limited to, formation expenses, custodian, domiciliary, management fees, audit expenses and other associated costs.

In investing in the Fund, which in turn may invest through underlying funds, a shareholder, in effect, incurs the cost of the management fee, performance fees and any commissions paid to the Investment Managers as well as the advisory fees, incentive fees and other fees paid to the investment advisors of an underlying fund.

By investing in an underlying fund, the Fund incurs its proportionate share of the operating costs and expenses of the underlying fund, including, but not limited to, custody and brokerage commissions, interest charges, legal and accounting fees and disbursements, in addition to the operating costs and expenses detailed in the relevant offering Memorandum. As a result, the operating expenses of the Fund may constitute a higher percentage of the Net Asset Value of the Fund than would be found in other investment schemes. Also, the purchase of an investment in an underlying fund may involve payment by the Fund of substantial subscription fees or premiums.

Accounting Standards

The directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The significant accounting policies adopted have been mentioned in Note 2 of the financial statements.

Result for the year

The loss for the year is set out in the profit and loss account on page 10 of the financial statements.

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Directors' Report for the year ended 31 December 2011 (continued)

Going concern

The directors have a reasonable expectation that the Fund has adequate resources to continue in operational existence for the foreseeable future despite the current uncertain economic outlook. The fund supplement to the memorandum of the Company allows for a maximum of 5% of the redeemable shares in issue to be accepted for redemption in any one redemption period. As such, this will allow the Fund to satisfy shareholder redemptions without significantly impacting the going concern considerations of the Fund. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Dividend

No dividend was proposed or paid during the year.

Directors

The directors of the Company holding office during the year and through to the date of this report are:

Alan Tennant Johnson appointed on 28 October 2008.

Philip Peter Scales appointed on 28 October 2008.

Peter Hughes appointed on 28 October 2008.

Directors' Interests

The directors receive fees from the Fund which are set out in the Profit and Loss account of the financial statements. Related party transactions where directors are involved are detailed in Notes 11 and 12 of the financial statements. None of the directors own shares in the Fund.

Secretary

The secretary of the Company holding office during the year and through to the date of this report was Sharon Ward who was appointed on 28 October 2008.

Auditor

Deloitte LLP were appointed as independent auditor to the Fund on 9 November 2009 and, being eligible, have indicated their willingness to continue in office in accordance with Section 89(1) of the Companies Act 1981.

Subsidiaries

The Fund has no subsidiaries.

Ownership of shares

The directors, the investment manager and the investment advisors do not own participating shares and have no right to receive distributions from the Fund. The investment manager owns the management share and is entitled to exercise voting rights in connection with this share as disclosed in Note 6 of the financial statements. The participating shares have no voting rights and are redeemable.

List of Investments

As at 31 December 2011, the Fund held the following property investments:

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Directors' Report for the year ended 31 December 2011 (continued)

List of Investments (continued)

Security	CCY	Quantity	Book Cost	Market Value	Percentage of Total Portfolio
			USD	USD

Other investments	GBP	2,874,748	3,760,902	3,325,053	13.69%
At 31 December 2011			27,805,839	24,281,256	100.00%

No provision for diminution in value of investments was taken; financial assets are held at fair value through profit and loss.

Fees

The Fund incurred charges of USD 858,373 and USD 491,726 (2010: USD 803,619 and USD 357,367) respectively for investment management fees and performance fees in favor of the investment manager for the year. The director fees amounted to USD 9,324 (2010: USD 11,159) for the year.

None of the directors or service providers' fees have been waived during the year.

Net Asset Value as per the Financial Statements and the Published Net Asset Value

The net asset value ("NAV") as per the financial statements differed from the published NAV for the following reason:

- The NAV published is calculated based on the fund supplement. As per the supplement, the organisational cost and the deferred sale charges are amortised over a period of 5 years. In the financial statements, these expenses were fully expensed in the first accounting period in accordance with the requirements of United Kingdom Generally Accepted Accounting Practice. The net difference in the financial statements is a profit gain of USD 334,842 (2010: USD (929,166)) and a reduction in Net Asset Value of USD (594,324) (2010: USD (929,166)).
- The published NAV per share and the NAV per share per the financial statements are as follows:

Share Class	Published NAV per Share		2011 NAV per Share per the Financial Statements		Published NAV per Share		2010 NAV per Share per the Financial Statements	
	FCY	USD	FCY	USD	FCY	USD	FCY	USD

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Directors' responsibilities statement

The directors are responsible for preparing the financial statements in accordance with applicable law and regulations.

The Companies Act 1981 requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under Fund law the directors must not approve the financial statements unless they are satisfied that they present fairly, in all material aspects, the state of affairs of the Fund and of the profit or loss of the Fund for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Fund will continue in business.

The directors are responsible for keeping proper records of account that are sufficient to show and explain the Fund's transactions and disclose with reasonable accuracy at any time the financial position of the Fund and enable them to ensure that the financial statements comply with the Companies Act 1981. They are also responsible for safeguarding the assets of the Fund and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Fund's website. Legislation in Bermuda governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

12 / 2013

Independent Auditor's Report to the Members of Spitfire British Property Recovery Fund

We have audited the financial statements of Spitfire British Property Recovery Fund ("the Fund") for the year ended 31 December 2011 which comprise the Profit and loss account, the Balance sheet, the Cash flow statement with related notes a) and b) and the related notes 1 to 15. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Fund's members, as a body, in accordance with Section 90(2) of the Companies Act 1981. Our audit work has been undertaken so that we might state to the Fund's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Fund and the Fund's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they present fairly, in all material aspects, the state of affairs of the Fund and of the profit or loss of the Fund for that period. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Fund's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- Present fairly, in all material aspects, the state of the Fund's affairs as at 31 December 2011 and of its loss for the year then ended; and
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice.

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Notes to the Financial Statements for the year ended 31 December 2011

1. Organization

The Spitfire British Property Recovery Fund (the "Fund") is a segregated account of the Spitfire Funds (Bermuda) Ltd (the "Company"), a company incorporated under the laws of Bermuda as a segregated accounts Fund. The Fund commenced operations on 1 October 2009.

The investment objective of the Fund is to seek initially to exploit recovery themes and select a range of property related investment opportunities offering the potential for investment returns derived from the British property market.

The base currency of the Fund is US Dollars. The Shares are offered in US dollars in respect of Class A USD Shares, in Euros in respect of Class A Euro Shares and Sterling in respect of Class A Sterling Shares.

2. Significant Accounting Policies

The financial statements are prepared in accordance with applicable law and United Kingdom Accounting Standards using the historical cost convention modified by the revaluation of investments and derivatives. The significant accounting policies adopted by the Fund are as follows:

Going concern

The directors have a reasonable expectation that the Fund has adequate resources to continue in operational existence for the foreseeable future despite the current uncertain economic outlook. The fund supplement to the memorandum of the Company allows for a maximum of 5% of the redeemable shares in issue to be accepted for redemption in any one redemption period. As such, this will allow the Fund to satisfy shareholder redemptions without significantly impacting the going concern considerations of the Fund. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Financials assets at fair value through profit or loss

Investments are stated at the bid price or Net Asset Value ("NAV") on 31 December 2011 with the price provided by the relevant Investment Managers or Administrators for the securities. Appreciation or depreciation thus arising is recorded in the profit and loss account.

The NAVs reported by the Investment Manager or Administrator of the funds and used by the directors as at 31 December 2011 may not be audited and may differ from the amounts that would have been realised from a redemption of the investments in the relevant underlying fund as at 31 December 2011. The directors have no reason to believe the valuations are unreasonable.

Redeemable shares

In accordance with Financial Reporting Standard 25, Financial Instruments: Disclosure and presentation, non management share classes and accordingly the total value of shareholders' Funds, are deemed to be in the nature of non-equity interests and are therefore classified as financial liabilities.

Note 6 and 7 disclose the amount of share capital and share premium arising in relation to the redeemable shares. As the shares are financial liabilities rather than equity, these balances are revalued at the year end exchange rate with exchange gains/losses arising.

Classification

The Fund designates its financial assets and liabilities into the categories below in accordance with Financial Reporting Standard 26 Financial instruments: Recognition and measurement.

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Notes to the Financial Statements for the year ended 31 December 2011

2. Significant Accounting Policies (continued)

Classification

(i) Financial assets and liabilities at fair value through profit or loss

The Fund holds positions in other investment Funds which are financial assets designated at fair value through profit or loss upon initial recognition. These financial instruments are designated on the basis that their fair value can be reliably measured and their performance has been evaluated on a fair value basis in accordance with the risk management and/or investment strategy as set out in the Fund's offering document.

(ii) Initial Measurement

Purchases and sales of financial instruments are accounted for at trade date.

Financial instruments categorised at fair value through profit or loss, are measured initially at fair value, with transaction costs for such instruments being recognised directly in the profit and loss account.

(iii) Subsequent measurement

After initial measurement, the Fund measures financial instruments, which are classified as at fair value, through profit or loss at their fair values. Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. Investments in other investment Funds are subsequently re-measured at market value, which is the price notified by the administrator of each respective underlying fund. In the opinion of the directors this represents the fair value of each investment. Subsequent changes in the fair value of financial instruments are recognised in the profit and loss account.

Functional currency

The functional currency of the Fund i.e. the currency of the primary economic environment in which the entity operates is US Dollars (USD). The presentation currency of the Fund is the US Dollars.

Foreign currency translation

Transactions denominated in other currencies which occurred during the year have been translated at the rate of exchange prevailing at the date of the transaction. Assets and liabilities in other currencies are translated to US Dollars at the rates of exchange prevailing at the balance sheet date. The resulting profits or losses are reflected in "Net change in unrealised and realised gains on foreign currency" under profit and loss account.

Forward foreign currency exchange contracts

The Fund may enter into forward foreign currency exchange contracts for the purchase or sale of a specific foreign currency at a fixed price on a future date. Risks may arise upon entering these contracts from the potential inability of counterparties to meet the terms of the contracts and from unanticipated movements in the value of the underlying assets. The Fund may enter into such contracts for hedging purposes as well as speculative purposes. The values of the contracts are adjusted daily in accordance with movements in the value of each underlying asset or liability and any appreciation or depreciation is recorded periodically for financial statement purposes as unrealised until the contract settlement date. Realised and unrealised gains and losses are included in the profit and loss account.

Income

Bank interest income is recognised on a time-proportionate basis using the effective interest method.

Dividend income is recognised on an accruals basis.

Cash and cash equivalents

Cash and cash equivalents comprise of cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months.

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Notes to the Financial Statements for the year ended 31 December 2011

Loans and Receivables

Interest bearing loans, overdrafts and receivables are initially measured at fair value (which is equal to net proceeds at inception), and are subsequently measured at amortised cost, using the effective interest rate method less any allowance for estimated impairments. A provision is established for impairments when there is objective evidence that the Company will not be able to collect all amounts due under the original terms of the loan. Interest income, together with losses when the loans are impaired are recognised on an effective interest basis in the profit and loss account.

3. Financial assets at fair value through profit or loss

Financial assets are analysed as follows:

Security	CCY	2011	2011	2011	2011
		Quantity	Book Cost	Market Value	Percentage of Total Portfolio
			USD	USD	
Big Yellow Group Plc	GBP	179,500	843,292	684,643	2.82%

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Notes to the Financial Statements for the year ended 31 December 2011

3. Financial assets at fair value through profit or loss (continued)

The following tables provide an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into level 1 to 3 based on the degree to which fair value is observable as at 31 December 2011 and 2010.

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require input that is both significant to the fair value measurement and unobservable.

Fair value hierarchy tables

2011	Level 1 USD	Level 2 USD	Level 3 USD	Total USD
Investments				
Investments in Property Funds	12,356,884	11,924,372	-	24,281,256
Open Forward Contracts	-	(78,062)	-	(78,062)
Total Investments	12,356,884	11,846,310	-	24,203,194

2010	Level 1 USD	Level 2 USD	Level 3 USD	Total USD
Investments				
Investments in Property Funds	17,560,516	22,492,586	-	40,053,102

Other creditors & accruals		14,882	11,013
		386,019	417,621

6. Share Capital

The Spitfire Funds (Bermuda) Ltd (“the Company”) has been authorized to issue 1 manager share of par value US\$1.00 and up to 11,999,000 redeemable shares of par value US\$0.001 each. The Fund can issue Spitfire British Property Recovery Class A USD Shares, Spitfire British Property Recovery Class A Euro Shares and Spitfire British Property Recovery Class A Sterling Shares (collectively the “Shares”). Other classes of shares may be created and issued at the discretion of the directors of the Company. The Manager shareholder shall be entitled to vote and is not entitled to any dividends. The Class A shares are non-voting redeemable shares, and are redeemable at the option of the holder of the shares.

Class Funds

Each share class in the Fund has a Class Fund established in accordance with the offering memorandum. The Fund currently has Class Funds established as follows:

- Class A Euro redeemable shares
- Class A Sterling redeemable shares
- There were no Class A USD redeemable shares issued during the year.
- The proceeds from the allotment and issue of each class of shares are applied to the relevant share class. Investment gains and losses on assets allocated to each Class Fund are applied to the relevant class. In the case of any asset, liability, income or expense which the directors do not consider attributable to a particular Class Fund, the directors have the discretion to determine the basis on which the asset, liability income or expense is allocated between the Class Funds. The directors have based such allocations on the proportion of the Net Asset Value of the Fund each Class Fund comprises.
- Investors in the EUR and GBP share classes are exposed to currency risk through the denomination of the share classes in a currency other than the reporting currency of the Fund. In accordance with the offering memorandum the directors have appointed an investment advisor to neutralise, to the extent possible, the impact of currency fluctuations for investors in the EUR and GBP share classes by taking out monthly forward foreign currency contracts which mirror the value of the non-base currency assets thus mitigating the risk from currency movements. The costs of hedging currency fluctuations in this manner, including gains and losses on forward foreign currency contracts, are allocated to the relevant Class Fund.

Black Rock European Property Fund of Funds	GBP	47,653	29.1338	1,388,313	2,213,387
Total					16,041,711

There were no investments in-kind made into the Fund in the current year.

No director of the Fund held a beneficial interest in any of the participating shares of the Fund during the year.

The Spitfire Asset Managers (Bermuda) Ltd is the owner of the manager share in the Company.

12. Fees and expenses

Basis of calculating fees

All agreements with service providers/related and third parties are kept in the records of the Fund.

Administrator

The administrator charges a fee of 0.1% of the monthly Net Asset Value, which accrues monthly and is payable quarterly in arrears. The administrator charges USD 15 per shareholder transaction and an additional corporate secretarial service at USD 5,000 per annum (pro-rated amongst segregated accounts of the Fund).

During the year a charge of USD 44,023 (2010: USD 41,603) was incurred in relation with the administration fees and USD 833 (2010: USD 1,042) for the corporate secretarial fees. USD 12,612 (2010: USD 18,533) and USD 278 (2010: USD 347) for administration services and corporate secretarial services respectively were payable as at 31 December 2011.

Notes to the Financial Statements for the year ended 31 December 2011

12. Fees and expenses (continued)

Custodian fees

The Custodian is paid a fee not exceeding 0.05% of the Net Asset Value subject to a minimum annual fee of GBP 6,000 which accrues monthly and is payable monthly in arrears on the last Business Day of each month. Additionally, the Custodian is paid a transaction fee of GBP 100 per trade plus full recovery of all counter-party charges and reimbursement of all out of pocket expenses. During the year a charge of USD 44,113 (2010: USD 17,330) was charged by the Custodian and USD 7,440 (2010: USD 748) was payable as at 31 December 2011.

Investment management fees

The Investment Manager is paid a minimum fee equal to the aggregate of 1.95% per annum of the Net Asset Value which is paid monthly in arrears on the last Business Day of each month. During the year USD 858,373 (2010: USD 803,619) management fees were charged by the Investment Manager. Investment management fees payable as at 31 December 2011 and 2010 amounted to USD 184,332 and USD 216,753.

Performance fees

The Investment Manager is paid a performance fee equal to 20% per annum of the appreciation in the net asset value per share, above the appreciation had the assets been invested in the market at the 3-month LIBOR rate as quoted on the first day of each calendar quarter, in the net asset value per share above the base net asset value per share. The base net asset value per share represents the highest net asset value per share achieved. The performance fee is paid quarterly in arrears on the last Business Day of each calendar quarter.

During the year USD 491,726 (2010: USD 357,367) was charged as a performance fee by the Investment Manager. Performance fees payable as at 31 December 2011 and 2010 amounted to nil and USD 82,042, respectively.

Deferred sales charges

The Fund reserves the right to pay an initial fee to introducers by way of commission. Such costs of acquiring and procuring subscriptions are limited to a maximum of 5% of the amount subscribed and these costs are expensed as they are incurred. During the year no deferred sales charge (2010: USD 1,302,968) was paid and nil was payable as at 31 December 2011 and 2010.

Early redemption fees

Redemptions are subject to an early redemption fee of a percentage of the value of the redemption proceeds between 5% and nil, calculated on a pro rata basis over a period of 50 months from the date of subscription subject to the Directors discretion. In the year, no redemption fees were charged to investors and no income recognised.

Investment advisor fees

The Investment Advisor is paid a fee equal to 0.324% of the Net Asset Value up to USD 200 million, 0.20% for the next USD 200 million and 0.1% thereafter. Fees are based on the monthly NAVs and are calculated monthly and payable quarterly. During the year USD 142,646 (2010: USD 133,374) was charged by the Investment Advisor. Investment advisor fees payable as at 31 December 2011 and 2010 amounted to USD 65,886 and USD 70,030, respectively.

All fees and charges are consistent with the articles of the Company and offering memorandum of the Company and Fund.

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Notes to the Financial Statements for the year ended 31 December 2011

13. Risk associated with financial instruments

The Fund is exposed to capital risk management, market risk, interest rate risk, credit risk and liquidity risk arising from the financial instruments it holds. The nature and extent of the financial instruments outstanding at the reporting date and the risk management policies employed by the Fund to manage these risks are discussed below.

Capital risk management

Capital is represented by the net assets attributable to the holders of redeemable shares.

Capital is managed in line with the investment parameters of the Fund seeking to generate returns for shareholders whilst seeking to minimize risk.

The Fund was incorporated as an open-ended Investment Fund in Bermuda to seek opportunities for capital growth resulting from investing in the Commercial Property Market and the listed shares of property related companies, by investing in a range of underlying Funds.

Strategy in using financial instruments

The Fund's activities expose it to a variety of financial risks: market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Fund's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance.

Market price risk

Market price risk is the potential for losses to be made due to investment in financial assets which suffer a diminution in value over the period that they are invested in.

Market price risk is dependent on the underlying investments of the Fund which are shown in note 3.

All security investments present a risk of loss of capital. The directors' policy to minimise price risk is to maintain a diverse portfolio of investments in accordance with the respective investment objectives, which is managed by a professional investment advisor. The Fund's overall market positions are monitored daily by the investment advisor.

The investment advisor uses their discretion to select investments that aim to deliver the investment objective. Considerations are given to the macroeconomic environment, relative valuation levels, the political environment, liquidity and technical analysis. Depending on the differing economic and market conditions the overall asset allocation will shift in time.

Due to the volatile market conditions currently experienced globally, the directors have assessed market risk sensitivity relating to all Fund investments at a potential loss of 10% and gain of 5%.

The following table illustrates the sensitivity of the profit or loss for the year and the net asset value of the Fund to a 5% increase or 10% decrease in the market value of financial assets, assuming all other factors remain the same.

	<u>2011</u>		<u>2010</u>	
	<u>Increase in Market value (5%)</u>	<u>Decrease in Market value (10%)</u>	<u>Increase in Market value (5%)</u>	<u>Decrease in Market value (10%)</u>
At 31 December	<u>USD</u>	<u>USD</u>	<u>USD</u>	<u>USD</u>
Net profit	1,214,063	(2,428,126)	2,002,655	(4,005,310)
Net asset value	3.37%	(6.75)%	4.57%	(9.14)%

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Notes to the Financial Statements for the year ended 31 December 2011

13. Risk associated with financial instruments (continued)

Interest rate risk

The majority of the Fund's financial assets are non interest bearing. As a result, the Fund is not subject to significant risk due to fluctuations in the prevailing levels of market interest rates. As such a sensitivity analysis of the effect has not been prepared.

The underlying investment assets of the Fund may be exposed to interest rate risk; however it is not possible to quantify this indirect interest rate risk of the Fund.

The table below summarises the Fund's exposure to interest rate risk.

At 31 December 2011	Fixed	Less than one month	Non-interest bearing	Total USD
Assets

Credit risk

The Fund takes on exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. It is the Fund's policy only to enter into financial instruments with reputable counterparties. Therefore, the Fund does not expect to incur material credit losses on its financial instruments.

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Notes to the Financial Statements for the year ended 31 December 2011

13. Risk associated with financial instruments (continued)

Credit risk (continued)

The Fund is also exposed to risk from default by brokers who carry out trading in financial assets. The Fund mitigates this risk by employing reputable custodians and trading in low to medium risk markets and countries.

As at 31 December, the value of assets subject to credit risk was as follows:

	2011 USD	2010 USD
Cash and cash equivalents	12,021,203	4,086,932

Liquidity risk

It is the Fund's policy to invest into an investment portfolio of regulated schemes which deal on a regular basis and are considered generally readily realisable. The Fund's liquidity risk is managed through diversification of the investment portfolios and by maintaining a portion of its assets as cash.

The Fund can also invest in hedge Funds or listed closed end property companies that are more illiquid and require the directors to instruct redemption to raise cash between one and three months in advance of cash being received. As at 31 December 2011 and 2010, the Fund's portfolio of financial assets includes assets with daily and monthly liquidity.

In accordance with the Fund's policy, the Investment Manager monitors the Fund's liquidity position on a daily basis, and the Board of Directors reviews it on a regular basis.

All amounts included in creditors at the balance sheet date are payable within three months.

As described in Note 6 to the financial statements, the Fund's redeemable shares are redeemable at the shareholder's option for cash equal to a proportionate share of the Fund's net asset value. The Fund is therefore potentially exposed to monthly redemptions by its shareholders.

The number of shares of the Fund which can be redeemed in any month is limited to 5% of the total net asset value of the Fund.

Currency risk

The Fund is exposed to currency risk through allowing investment via currency classes which are not denominated in the base currency of the operating account. The Fund is also permitted to invest in underlying assets which may be denominated in currencies which are different from the base currency of the Fund.

The underlying investments assets of the Fund may be exposed to currency risk, however it is not possible to quantify this indirect currency risk exposure of the Fund.

In order to mitigate currency risk the directors have appointed the investment advisor who ensures that the currency classes and any non-base currency assets are fully hedged on a monthly basis. This is achieved by the taking out of monthly forward foreign currency contracts which mirror the value of the non-base currency assets thus mitigating the risk from currency movements.

Open forward currency contracts in place at the balance sheet date are shown in note 9.

The currency exposure of the Fund in respect of the Fund's foreign currency denominated assets and liabilities at the reporting date was as follows:

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Notes to the Financial Statements for the year ended 31 December 2011

13. Risk associated with financial instruments (continued)

Currency risk (continued)

	Currency	2011		2010	
		in foreign currency	in USD	in foreign currency	in USD
Financial assets					
Cash and cash equivalents	EUR	76	99	-	-
Cash and cash equivalents	GBP	7,731,111	12,021,104	2,619,996	4,086,932

			44,457		82,043

The following table illustrates the sensitivity of the profit or loss for the period and the net asset value of the Fund to a 5% increase in exchange rates between foreign currencies (GBP and EUR) and USD, assuming all other factors remain the same.

2011						
Impact of 5% Increase in FX Rate						
Currency	Financial Assets	Cash and Cash Equivalents	Other Assets and Liabilities	Effect on Profit	% Change in NAV	
GBP	1,214,063	601,055	662	1,815,780	5.05%	
EUR	-	5	-	5	0.00%	
Total	1,214,063	601,060	662	1,815,785	5.05%	

2010						
Impact of 5% Increase in FX Rate						
Currency	Financial Assets	Cash and Cash Equivalents	Other Assets and Liabilities	Effect on Profit	% Change in NAV	
GBP	1,828,170	204,347	(1,436)	2,031,081	4.64%	
EUR	174,485	-	335	174,821	0.40%	
Total	2,002,655	204,347	(1,101)	2,205,902	5.04%	

The foreign exchange gain/(loss) on revaluation of assets and liabilities (other than investments at fair value through profit or loss) during the period is USD (12,864) (2010: USD 1,029,171).

14. Non cash transaction

Non cash transactions during the year were nil (2010: USD 16,041.711).

15. Subsequent Events

There were no significant events after the reporting period which affect the financial statements as at 31 December 2011.

SPITFIRE BRITISH PROPERTY RECOVERY FUND

Notes to the Financial Statements for the year ended 31 December 2011

15. Subsequent Events (continued)

The published Net Asset Value per share as of 30 September 2013 is as follows:

Share Class	30 September 2013	
	FCY	USD
EUR Class	110.83	149.92
GBP Class	110.25	178.46
