DIRECTORS' REPORT

For the year ended 31 March 2012

The Directors submit their Annual Report and the audited Consolidated Financial Statements of the Group for the year ended 31 March 2012, which have been prepared properly, in accordance with United Kingdom generally accepted accounting principles, and in accordance with any relevant enactment for the time being in force; and are in agreement with the accounting records, which have been properly kept in accordance with section 244 of The Companies (Guernsey) Law, 2008.

British Capital Property Investments Limited ("the Company") was incorporated on 8 June 2009 as a closed-ended investment company registered in Guernsey pursuant to the Protection of Investors (Bailiwick of Guernsey) Law, 1987, as amended and the Registered Collective Investment Scheme Rules 2008 issued by the Guernsey Financial Services Commission.

The Group's investment objective is to provide an attractive level of income, together with prospects for capital growth from investing in property and listed property shares in the United Kingdom and possibly the European continent. Based on market conditions prevailing at the time of its launch, the Group was targeting total returns for Shareholders of 10% per annum over the period of the Group although such level of return cannot be guaranteed.

The Group consist of the Company and two Special Purpose Vehicles (SPV) which were established in order to hold, acquire or develop properties, either wholly owned by the Company, a Subsidiary of the Company or owned jointly with third parties.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law, the directors have elected to prepare the financial statements in accordance with Generally Accepted Accounting Principles (United Kingdom Accounting Standards and applicable law). Under company law, the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- * select suitable accounting policies and then apply them consistently;
- * make judgements and estimates that are reasonable and prudent; and
- * prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with The Companies (Guernsey) Law, 2008. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors confirm that the financial statements give a true and fair view and have been prepared in accordance with The Companies (Guernsey) Law, 2008 and the Protection of Investors (Baliwick of Guernsey) Law, 1987, as amended.

Activities and Status

The Company is a closed-ended investment scheme registered in Guernsey on 8 June 2009 pursuant to the Protection of Investors (Bailiwick of Guernsey) Law, 1987 as amended (the "POI Law") and the Registered Collective Investment Scheme Rules 2008.

For commentary on the performance of the Company see the Investment Manager's Report on page 5.

The Company obtained official listing on the Bermuda Exchange on 11 August 2009.

DIRECTORS' REPORT (continued)

For the year ended 31 March 2012

Results and Dividends

The consolidated results of the Group for the year are as stated on page 8.

An interim dividend of £203,551 (£19.79 per share) was paid on 30 April 2011 in respect of the period ended 31 March 2011. After the dividend was paid, the company was sufficiently solvent to pass the Solvency Test as required by The Companies (Guernsey) Law, 2008.

Directors

The Directors of the Company during the year and to the date of this report are as stated on page 2.

Disclosure of information to the auditor

The Directors who held office at the date of the approval of the financial statements confirm that, so far as they are each aware:

- * There is no relevant audit information of which the Company's auditor is unaware; and
- * Each Director has taken all the steps that he ought to have taken as a Director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Full details of the Company and the share classes in issue can be found in the Prospectus, copies of which are available free of charge, from the Manager or the Administrator.

Auditor

A resolution to re-appoint Saffery Champness as auditor will be proposed at the Annual General Meeting.

British Capital Property Investments Limited

INVESTMENT MANAGER'S REPORT

The period under review has been one of consolidation for British Capital, and the first year of reporting where the investments have been held for a full twelve months.

2011 has been a difficult year in the UK, particularly the latter quarter due to concerns about the Euro crisis, world and domestic economic growth, and the health of the banks, reinforcing a flight to safety and away from risk. This resulted in the commercial property market experiencing a weaker occupier demand across all three sectors of office, retail and industrial, causing rental and property values to come under pressure. The nervous investment environment, in which confidence is generally low, has impacted on the value of British Capital's property portfolio, which was valued at £20,500,000 as at 31 March 2012 equating to a 3.5% decline over the 12 month period.

Operationally the portfolio has performed as per expectations, all income was received timeously during the period under review with no change in tenants and a 0% vacancy. The leases are all underpinned by companies which have a 5A1 credit rating per Dun and Bradstreet (D&B) which is the strongest possible rating.

Furthermore the portfolio's long unexpired lease term (weighted average of 15 years and 4 months as at 31 March 2012) and fixed cost of finance to 2015, provide the necessary comfort to the Investment Manager that the portfolio will endure any adversities which arise as a result of the negative economic outlook in the UK over the short to medium term, whilst still allowing the portfolio to meet its investment objectives in the long term.

The financial statements for the year have been prepared in accordance with UK Generally Accepted Accounting Principles and reflect a loss for the year of £320,793. The loss is directly attributable to the unrealised loss on revaluation of the property portfolio amounting to £750,000 referred to above. The property valuations were carried out by Colliers International UK plc. Operational income for the year was slightly ahead of budget at £429,769 equating to a 4% income yield on the initial investment for the year.

Below is a synopsis of British Capital's portfolio as at 31 March 2012

Property	Purchase Price	Transfer Date	Market value As at 31/03/2012	Annual Rent	Santander Loan as at 31/03/2012	5year Swap Rate	Tenant break Option	Lease expiry
Robert McBride Ltd - St Helen's	6,870,000	30/06/2010	6,400,000	526,795	4,290,000	4.82%	24/03/2024	24/03/2029
Spectrum Brands UK Ltd Wombourne	8,350,000	18/06/2010	8,100,000	665,268	3,252,500	4.81%	None	27/01/2030
Homebase Ltd - Brecon	5,850,000	13/12/2010	6,000,000	420,800	3,252,500	4.90%	None	07/10/2027
	21,070,000		20,500,000	1,612,863	12,739,000			

The Company's cash reserves as at the end of March were healthy. The bulk of the cash reserves are held in deposit accounts with Investec Bank Guernsey and receive interest based on the bank's base rate.

Market analysts are expecting a tough 2012 with industrial and retail rentals remaining under pressure but are forecasting a period of sustained positive growth from 2013 to 2016.

British Capital Property Investments Limited

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS

We have audited the consolidated financial statements of British Capital Property Investments Limited which comprise the Consolidated Profit and Loss Statement, the Consolidated Balance Sheet, the Consolidated Statement of Cash Flows, the Consolidated Statement of Changes in Net Assets Attributable to Holders of Ordinary Shares and related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (Generally Accepted Accounting Principles).

This report is made solely to the company's members, as a body, in accordance with section 262 of The Companies (Guernsey) Law, 2008. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Statement of Directors' Responsibilities set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the United Kingdom Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Directors' Report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies, we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view;
- are in accordance with Generally Accepted Accounting Principles; and
- comply with The Companies (Guernsey) Law, 2008 and the Protection of Investors (Bailiwick of Guernsey) Law, 1987, as amended.

British Capital Property Investments Limited

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS (continued)

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where The Companies (Guernsey) Law, 2008 requires us to report to you if, in our opinion:

- proper accounting records have not been kept by the Company; or
- the financial statements are not in agreement with the accounting records; or
- we have failed to obtain all the information and explanations, which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

British Capital Property Investments Limited

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2012

1. Accounting policies

Accounting convention

The Financial Statements have been prepared in accordance with United Kingdom Accounting Standards, The Companies (Guernsey) Law, 2008 and as a Collective Investment Scheme under The Protection of Investors (Bailiwick of Guernsey) Law, 1987, under the historical cost convention except for revaluation of investment properties and give a true and fair view. The specific accounting policies are described below.

a) Foreign currencies

Foreign currency monetary assets and liabilities are translated into sterling at the exchange rates ruling at the balance sheet date. Transactions in foreign currencies are translated at the rate of exchange ruling at the date of the transaction. Foreign exchange gains and losses are included in the Consolidated Profit and Loss Statement.

b) Establishment costs

Establishment costs were written off in the first financial period.

c) Investments

The Group will invest in property assets with a view to profiting from their capital growth. The portfolio of assets will be managed and its performance evaluated on a market value basis, in accordance with the documented investment strategy as detailed in the Prospectus.

Investment property is initially measured at cost, being the value of the consideration given, including related transaction costs. After initial recognition, the investment property is carried at market value. Market value is the amount for which an asset could be exchanged between knowledgeable, willing parties in an arm's length transaction. The estimation of market value of the properties has been done individually and no account has been taken of any greater or lesser value which may be attributed to the whole portfolio, should it be available in its entirety or in individually selected groups of properties. Losses arising from changes in market values are included in the Consolidated Profit and Loss Statement.

d) Going concern

The accounts have been prepared on a going concern basis.

e) Dividend

The Company may pay dividends. Any dividends paid will be in accordance with the policy of the Bermuda Stock Exchange and The Companies (Guernsey) Law, 2008.

f) Taxation

With effect from 1 January 2008, Guernsey established the exempt Company tax regime and the standard rate of income tax for Companies moved from 20% to 0%. The Company will continue to apply for Exempt Status under the Income Tax (Zero 10)(Guernsey)(No 2) Law 2007.

The Group's property holding subsidiary is liable to UK Tax on rental income from the United Kingdom. The subsidiary is registered under the Non-resident Landlord Scheme to receive rental income with no tax deducted and submits an annual return.

British Capital Property Investments Limited

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ending 31 March 2012

1. Accounting policies (continued)

g) Revenue and expenses

Bank deposit interest income and expense are recognised on an accruals basis. Performance fees are recognised on an accruals basis.

Revenue includes rental income, service charges and management charges from properties. Rental income is received on a quarterly basis in advance with relevant amounts recognised as a prepayment. Any service and management charges relating to properties owned are paid as and when they occur.

Revenue is recognised when it is probable that the economic benefits associated with the transaction will flow to the Group and the amount of revenue can be measured reliably.

h) Cash at bank

Cash comprises call accounts and fixed deposits held with Investec Bank (Channel Islands) Limited and Santander UK plc.

i) Basis of consolidation

Subsidiaries are those entities, including special purpose entities, controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable are taken into account. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Intra-group balances and any unrealised gains and losses arising from intra-group transactions are eliminated in preparing the consolidated financial statements.

2. Fees

The Investment Manager shall be entitled to receive Management fees as follows.

Acquisition fee

Acquisition fee of 2% (two per cent) of the total purchase price (including, for the avoidance of doubt, the Acquisition costs) of any immoveable Property acquired by the Fund, payable on acquisition.

Asset management fees

An asset management fee equivalent to 1.5% (one point five per cent) per annum of the Gross Market Value of the Property Portfolio of the Fund is payable monthly in arrears on the 1st (first) Business Day of the following month. For the purposes of calculating the amount payable each month in respect of the asset management fee, the most recently determined Gross Market Value of the Property Portfolio of the Company is used.

British Capital Property Investments Limited

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ending 31 March 2011

2. Fees (continued)

Performance fees

A performance fee, payable on the 60th (sixtieth) day following the applicable period, commencing at the end of the 5th (fifth) year after the Initial Closing Date (as such term is defined in the Prospectus) (the "Initial Payment Date") and annually thereafter (each a "Subsequent Payment Date") until the Termination Date such that the first net profit up to 10% (ten per cent) IRR will be applied to the Company's investors after which net profit up to 12% (twelve per cent) IRR will be payable to the Investment Manager. Thereafter the net profits will be split as to 80% (eighty per cent) payable to the Company's investors and 20% (twenty per cent) payable to the Investment Manager. For the purposes of calculating the performance fee (if any) on a Subsequent Payment Date, the cumulative IRR for the full period (i.e. since Initial Closing Date) up to that time shall be applied for purposes of calculating the cumulative performance fee, and the performance fee payable will be net of any performance fees paid to date.

Trail fees

An annual trail fee is payable annually in advance (within 60 (sixty) days of the listing of British Capital) to the Distributors of up to 0.75% (zero point seven five per cent) (plus VAT where applicable) of the aggregate subscription proceeds of the Shares subscribed for by Investors, introduced by the relevant Distributor, which have not been redeemed prior to the Redemption Date.

Distribution fees

An upfront fee of up to 2% (two per cent) of the gross amount paid by an Investor (plus value added tax where applicable) will be deductible upfront by the Distributor of the Company for the introduction of investors by a Distributor to the Company. The amount invested after deduction of the upfront distribution fee shall determine the number of Shares to be allocated to each Investor.

Redemption fees

A fee of up to 2% of the redemption amount, in respect of redemptions before the redemption date, is payable to the Company.

Administration fees

The administration fee is fixed at £30,000 per annum and £3,000 per Board meeting for the provision of secretarial services. The administrator also receives a fee of £5,000 per annum for each of the Special Purpose Vehicles.

Directors' fees

The Directors receive a fee of £7,500 per annum. Messrs Mackay and Van Staden have waived their rights to receive Directors' fees.

Structural facilitator fees

An annual structuring facilitator fee of 0.15% (zero point one five per cent) per annum of the aggregate subscription proceeds of the shares is payable, subject to an annual minimum amount of £35,000.

13. Financial Risk Management

The Group's activities expose it to a variety of financial risks: interest rate risk, credit/counterparty risk, currency risk and liquidity risk. The financial risks relate to the following financial instruments: debtors and prepayments, cash and bank balances and creditors.

The Group's overall risk management programme focuses on the unpredictability of the markets in which it operates and seeks to minimise potential adverse effects on the Group's financial performance.

a) Interest rate risk

The Group is exposed to risk associated with the effects of fluctuations in the prevailing levels of market interest rates on its cash positions. Management review market interest rates and cash and bank balances on a regular basis to take advantage of the best rates offered at any time.

The interest rate profile of the financial assets and liabilities as at the Consolidated Balance Sheet date is as follows:

	Non-interest bearing financial assets	Financial assets interest bearing	Loans	Total
	£	£	£	£
At 31 March 2012	41,330	990,305	(12,587,000)	(11,555,365)
	£	£	£	£
At 31 March 2011	2,500	1,005,137	(13,043,000)	(12,035,363)

The above analysis excludes short-term receivables and payables. The financial assets comprise bank balances, which receive interest based on Investec Bank (Channel Islands) Limited and Santander UK plc base rates. Liabilities are loans with Santander UK plc, the interest based on base rate, margin plus LIBOR.

The Group uses interest rate swap contracts to mitigate exposure to changes in interest rates. Interest differentials under these swaps are recognised by adjusting interest payable over the contract. The fair value of these contracts are not accounted for. No fair value exists on these swaps as they are an integral part of the loan and cannot be differentiated from the loan. They are held to mitigate the risk of change in interest rates as disclosed in note 7.

The sensitivity analyses below are based on a change in one assumption while holding all other assumptions consistent. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated - for example, change in interest rate and change in market values. The Group mitigates any risk by placing funds with institutions with a Moody's rating of BBB or above.

	Change in basis points	Interest bearing	Impact on profit and loss statement
		£	£
Fixed rate financial assets	50	990,305	495
Loans	50	(12,587,000)	(6,294)

13. Financial Risk Management (continued)

a) Interest rate risk (continued)

2011	Change in basis points	Interest bearing	Impact on profit and loss statement
		£	£
Fixed rate financial assets	50	1,005,137	503
Loans	50	(13,043,000)	(6,522)

b) Credit/counterparty risk

Credit risk arises when a failure by counterparties to discharge their obligations could reduce the amount of future cash inflows from financial assets on hand at the Consolidated Balance Sheet date. The Group's credit risk principally arises from cash balances.

The Directors mitigate this risk by ensuring that the cash and cash balances are held with reputable institutions with long term credit ratings of BBB or above. At the Consolidated Balance Sheet date the Group had cash balances held with Investec Bank (Channel Islands) Limited a wholly owned subsidiary of Investec Bank plc which has a Moody's long term credit rating of Baa3 and Santander UK plc which has a long term credit rating with Moody's of A2.

At 31 March 2012 the Group's exposure to credit/counterparty risk was £1,031,636 (2011: £1,007,637).

c) Liquidity risk

Liquidity risk is the risk that arises when the maturity of assets and liabilities does not match. An unmatched position potentially enhances profitability, but can also increase the risk of losses. The Directors review this status on a quarterly basis, with the object of minimising such losses by maintaining sufficient cash and other highly liquid current assets.

The table below sets out the carrying amount by maturity of the Group's liabilities.

2012	Less than 1 year	1 to 2 years	2 to 5 years	Total

	<u>823,897</u>	<u>152,000</u>	<u>12,739,000</u>	<u>13,714,897</u>

The Directors mitigate liquidity risk by monitoring cash balances on a regular basis and ensuring that sufficient cash balances are maintained to meet liabilities as they fall due.

d) Currency risk

All of the Group's material transactions and balances at the year end are in sterling and the directors consider that there is no significant currency exposure as at the Consolidated Balance Sheet date.

e) Capital risk management

The capital of the Group is represented by the net assets attributable holders of ordinary shares. The Group's objective when managing capital is to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for stakeholders and to maintain a strong capital base to support the development of the investment activities of the Group.
