## **Notes to the Financial Statements for the year ended 31 December 2009**

### **1 General**

Aurum Synchronicity Sterling Fund Ltd. (the "Sterling Fund" or the "Company") was incorporated in Bermuda on 19 August 2004 under the Companies Act 1981 and acts as an investment company. Shares of the Sterling Fund are denominated in sterling. The Sterling Fund is one of three Feeder Funds comprising the Sterling Fund, Aurum Synchronicity Euro Fund Ltd. (the "Euro Fund") and Aurum Synchronicity Dollar Fund Ltd. (the "Dollar Fund") that invest in Aurum Synchronicity Fund Ltd. (the "Master Fund"). The other Feeder Funds have euro and US dollar denominated shares respectively.

The Feeder Funds must solely invest into Participating Shares of the Master Fund, except in the case of the Sterling and Euro Funds in respect of currency hedging. The Participating Shares of the Master Fund are valued in US dollars. The Sterling and Euro Funds whilst investing into US dollar denominated Participating Shares of the Master Fund will, by appropriate currency hedging, seek to protect the value of their shares in sterling and euro terms respectively irrespective of movements in currency values between the US dollar, sterling and euro. The Master Fund pays the fees of the Administrators, Custodian, the Investment Advisor, audit, formation and minor out of pocket expenses and Directors' fees of all funds. Each Fund will otherwise bear its own costs and liabilities.

The Company's investment objective is to achieve long term capital growth by investing in the Participating Shares of the Master Fund. The annual report and audited financial statements of the Master Fund for the year ended 31 December 2009 are attached and should be read in conjunction with these financial statements.

The audited financial statements were approved by the Board of Directors on 21 May 2010.

### **2 Principal Accounting Policies**

The principal accounting policies which have been applied are set out below.

#### **Statement of Compliance**

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) and interpretations adopted by the International Accounting Standards Board (IASB).

#### **Basis of Preparation**

The financial statements are presented in the currency of the primary economic environment in which the Company operates, which is sterling, reflecting the fact that the redeemable Participating Shares are issued in sterling and the Company's operations are primarily conducted in sterling. They are prepared on a fair value basis for financial assets and financial liabilities at fair value through profit or loss. All other assets and liabilities are stated at amortised cost.

The accounting policies and presentation have been applied consistently by the Company and are consistent with those used in the previous year.

The Company is organised and operates as one segment (in terms of both business and geography). Consequently, no segment reporting is provided in the Company's financial statements.

#### **Changes in accounting policy and disclosures**

During the year, the IASB approved amendments to a number of existing standards as a result of the improvements project and issued several new standards. The objectives of the improvements project were to reduce or eliminate alternatives, redundancies and conflicts within the standards, to deal with some convergence issues and to make other improvements.

These financial statements have been prepared in accordance with amendments to IFRS 7, details of which are in Note 11 of the Master Fund financial statements.

The Directors are of the belief that there has been no impact of other revised standards on the current year's financial statements.

**Aurum Synchronicity Sterling Fund Ltd.**  
**Notes to the Financial Statements for the year ended 31 December 2009**  
**(continued)**

**2 Principal Accounting Policies (continued)**

**Changes in accounting policy and disclosures (continued)**

There are a number of other IFRS and interpretations which were in issue but have not been applied in the financial statements as they are not yet effective. The Directors anticipate that the adoption of these standards will have no material impact on the financial statements of the Fund.

**Investments**

The Company, on initial recognition, designates all investments as at fair value through profit or loss as, in doing so, it results in more relevant information because the investments and related liabilities are managed as a group of financial assets and liabilities and performance is evaluated on a fair value basis and reported to key management personnel on that basis.

Investments in collective investment schemes are recorded at the net asset value per share as reported by the administrators of such funds. Investment transactions are recorded on a settlement date basis which is the date of cash subscription of the investment or the date cash is received from redemption of an investment. Realised capital gains and losses on investment transactions are determined on the weighted average cost basis and are included in the Statement of Comprehensive Income. Unrealised capital gains and losses from a change in the fair value of investments are recognised in the Statement of Comprehensive Income.

Where administrators are unable to provide net asset value per share the Directors make their own assessment of value based on available information.

Under IFRS, Participating Shares are treated as a financial liability and the format of the Statement of Financial Position reflects this position.

**Forward Foreign Exchange Contracts**

The Company seeks to protect the value of the Participating Shares in sterling terms by entering into Forward Foreign Exchange Contracts. These contracts are recorded at fair value through profit or loss utilising the prevailing forward price at the Statement of Financial Position date. Any unrealised gain or loss is recognised in the Statement of Comprehensive Income.

**Translation of Foreign Currencies**

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at exchange rates in effect at the date of the financial statements. Transactions in foreign currencies are translated into sterling based on exchange rates on the date of the transaction.

**Interest Income**

Interest income is recognised in the Statement of Comprehensive Income for all interest bearing instruments on an effective interest basis.

**Cash and Cash Equivalents**

Cash and cash equivalents comprise cash balances held at banks together with bank overdrafts. The bank overdrafts are repayable on demand and form an integral part of the Company's cash management system.

**Taxation**

The Company has received an undertaking from the Ministry of Finance of Bermuda, under the Exempted Undertakings Tax Protection Act, 1966 exempting the Company from income, profit, capital transfer or capital taxes, should taxes be enacted, until 28 March 2016.

**Expenses**

All expenses are recognised in the Statement of Comprehensive Income on an accruals basis.

**Aurum Synchronicity Sterling Fund Ltd.**  
**Notes to the Financial Statements for the year ended 31 December 2009**  
**(continued)**

**2 Principal Accounting Policies (continued)**

**Use of Estimates**

The preparation of financial statements in accordance with IFRSs requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the year. Actual results could differ from those estimates.

**Derecognition of Financial Assets and Liabilities**

A financial asset is derecognised when the Company loses control over the contractual rights that comprise that asset. This occurs when the rights are realised, expire or are surrendered. Assets that are sold are derecognised and corresponding receivables from the buyer for the payment are recognised as at the settlement date. The Company uses the weighted average cost basis to determine the realised gain or loss on derecognition. A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

**3 Fees**

The Company pays no direct fees. Please refer to the accompanying Master Fund financial statements for notes regarding fees paid by the Master Fund.

**4 Share Capital**
