## INDEPENDENT AUDITORS' REPORT

To the Shareholders and Board of Directors of  
Performa High Yield Fund Ltd.

We have audited the accompanying financial statements of Performa High Yield Fund Ltd. (the "Fund"), which comprise the statement of net assets, including the condensed schedule of investments, as at December 31, 2016, and the related statements of operations and changes in net assets for the year then ended, and the related notes to the financial statements.

### Management responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Fund's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fund as at December 31, 2016 and the results of its operations and changes in its net assets for the year then ended in accordance with accounting principles generally accepted in United States of America.

**NOTES TO THE FINANCIAL STATEMENTS**

December 31, 2016

*(Expressed in U.S. dollars)*

1. THE FUND

Performa High Yield Fund Ltd. (the “Company” or “Fund”) was incorporated under the laws of Bermuda on July 29, 2002.

The Company is organized into distinct Sub-Funds. All income and capital gains earned on the assets of each Sub-Fund shall accrue to such Sub-Fund, as will all expenses and liabilities related to a particular Sub-Fund. Any redemption of the Shares related thereto shall be charged to and paid from the Sub-Fund in question. Thus, the trading results of any one Sub-Fund should have no effect on the value of any other Sub-Fund and the holders of any class of Share will not have any interest in any assets of the Company other than the Sub-Fund attributable to the class of Shares held by them. Each Sub-Fund, however, is not a separate legal entity, as such, the assets of each Sub-Fund may be subject to the general creditors of the Fund.

The Investment Advisors, P.R.P Performa Limited and Performa Limited (US), LLC (collectively the “Investment Advisor”), provide investment management advisory services to the Fund.

The objective of the Company is to achieve an above average rate of total return while attempting to limit investment risk by investing in a diversified portfolio of fixed income securities, investing primarily in high yield debt instruments of U.S. and non-U.S. issuers. An instrument is considered “High-Yield” if it is rated below investment grade by nationally recognized statistical rating organizations (NRSRO) such as S&P, Moody’s or Fitch.

2. SIGNIFICANT ACCOUNTING POLICIES

a. Basis of accounting:

The financial statements have been prepared in conformity with accounting principles generally accepted in United States of America (“U.S. GAAP”). The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Fund is classified as an investment company as defined in Accounting Standards Update (“ASU”) 2013-08, Investment Companies (Topic 946): Amendments to the Scope, Measurement and Disclosure Requirements. The Fund applies the guidance set forth in Accounting Standards Codification (“ASC”) Topic 946, *Financial Services – Investment Companies* (“ASC 946”) in its financial statements and related notes.

*(Expressed in U.S. dollars)*

2. SIGNIFICANT ACCOUNTING POLICIES (cont'd)

b. Investments:

Trading activity is recorded on a trade date basis. Securities that are listed on a national securities exchange are valued at their last sales prices on the date of valuation on the largest national securities exchange on which such securities have traded on such date. If no sales of such securities occurred on the date of valuation, the securities are valued at the "bid" price on the largest national securities exchange on which such securities are traded. The resulting unrealized appreciation and depreciation of securities is reflected in the statement of operations. Realized gains and losses on sales of securities are calculated using the first-in, first-out basis of accounting.

c. Cash and cash equivalents:

As at December 31, 2016, cash and cash equivalents includes an investment of \$49,461,570 in a money market fund which is managed by the Investment Advisor.

As at December 31, 2016 there was cash pledged as collateral in the amount of \$4,466,521 to be used for futures trading. There was one open futures contract at year end, with a fair value of \$121,700.

d. Investment income:

Interest is recorded on the accrual basis of accounting, except for securities in default for which interest is recognized on the cash basis.

e. New accounting standards:

For the year ended December 31, 2016, there were no recent accounting pronouncements that would significantly impact the financial statements of the Fund.

3. SHARE CAPITAL

The authorized share capital of the Fund is 100 Founder Shares of a par value of \$0.01 and 100,000,000 redeemable Common Shares with a par value of \$0.0001 each.

The Founder Shares are voting, non-participating and, non-redeemable and are not entitled to any dividends. The Founder Shares have been issued and are unpaid. The Fund has issued all of the Founder Shares to P.R.P. Performa Limited. The Common Shares are non-voting, and are redeemable. Any number of classes of Common Shares can be issued as determined by the Directors of the Fund.

A new Common Share class was added to the Fund in July 2016. The existing Class A share class (formerly named Accumulation Shares) of the Fund was renamed Class B, and the new share class was named Class A. Class A is unfunded at December 31, 2016. Class B is the only Common Share class of the Fund outstanding at December 31, 2016.

3. SHARE CAPITAL (cont'd)

Share transactions for the year ended December 31, 2016, were as follows:

Class	Shares at December 31, 2015	Issued	Redeemed	Shares at December 31, 2016
Class B	23,315,483	2,998,316	(777,561)	25,536,238

4. MANAGEMENT, ADMINISTRATION AND CUSTODIAN FEES

Under the terms of the Fund's prospectus:

- a. The Investment Advisor provides investment management advisory services to the Fund. The Investment Advisor is responsible for the investment of the Fund's total assets and is entitled to receive an advisory fee equal to 0.75% per annum, calculated daily on the Fund's total assets and paid monthly in arrears.

The Investment Advisor has appointed Seix Investment Advisors LLC (the "Sub Investment Advisor") to advise the Fund. The Sub Investment Advisor is paid a portion of the advisory fee.

- b. STP Investment Services, Inc. (the "Administrator") provides services as the Administrator, Share Registrar & Transfer Agent for the Fund. For these services, the Administrator receives an administration fee. Effective April 1, 2016, the Administrator is entitled to receive fees calculated at the following rates on the Fund's total assets:

0.060% per annum on first \$1,250 million  
0.050% per annum on the next \$250 million  
0.045% per annum on the next \$500 million  
0.040% per annum on in excess of \$2,000 million

For the period from January 1, 2016 to March 31, 2016, the administration fee was calculated at a rate of 0.12% per annum on the Fund's total assets.

The administration fee is calculated on the Fund's total assets and paid monthly in arrears.

Prior to March 3, 2016, there was an investment management processing service agreement in place that allowed one of the Investment Advisors (P.R.P. Performa Limited) the right to participate in 40% of the Administrator's net taxable income. Effective March 3, 2016, a settlement and release agreement was signed and this right was no longer in effect.

4. MANAGEMENT, ADMINISTRATION AND CUSTODIAN FEES (cont'd)

c. Custodian

The custodian, Comerica Bank, is entitled to receive fees calculated at the following rates:

0.050% per annum on the first US\$100 million

0.030% per annum on the next US\$200 million

0.025% per annum on the excess of US\$300 million

The custodian fee is calculated on the Fund's total assets in custody and is paid quarterly in arrears.

5. CREDIT RISK

In the normal course of business, the Fund manages a variety of risks including market risk, credit risk and liquidity risk.

Market risk is the potential for changes in the value of investments due to market changes, including interest and foreign exchange rate movements and fluctuations in security prices. Market risk is directly impacted by the volatility and liquidity in the markets in which the underlying assets are traded. The Fund manages its exposure to market risk related to trading instruments on an aggregate basis combining the effects of cash instruments and fixed income securities.

As at December 31, 2016, the custody of cash and cash equivalents and investments are with Comerica Bank and Interactive Brokers LLC. The Fund has all its individual counterparty concentration with these parties who are both based in the United States of America.

Transactions in OTC derivative contracts are entered into with major commercial and investment banks. Estimated credit risk exposure with respect to the Fund's outstanding OTC derivatives is \$53,310 as of December 31, 2016.

The following table identifies the fair value amounts of derivative instruments included in the Statement of Net Assets as derivative assets at fair value, categorized by primary underlying risk, as of December 31, 2016:

	<b>Derivative Assets, at fair value</b>
<b>Foreign Currency Exchange Rate Risk</b>

5. CREDIT RISK (cont'd)

The following table presents the impact of derivative financial instruments on the statement of operations, arranged by type of contract. The Fund did not designate any derivatives as hedging instruments for the year ended December 31, 2016.

Derivative Type	Net realized gain/(loss) on investment and foreign currency	Net change in unrealized gain/(loss) on investments and foreign currency	Number of contracts bought/sold during the year ended December 31, 2016
Forward Currency contracts	\$ (25,434)	\$ 71,434	13
Futures contracts	\$ (772,143)	\$ 121,700	48

The following table summarizes the Fund's derivative assets subject to enforceable netting agreements:

Counter-party	Investment type	Gross amount of recognized Assets	Gross amounts offset in financials	Net amounts of recognized Assets	Gross amounts not offset in the Statement of Assets and Liabilities		
					Financial instruments	Cash collateral pledged	Net Amounts
A	Forward Currency Contracts	\$ 53,310	\$ -	\$ 53,310	\$ -	\$ -	\$ 53,310

Total		\$ 175,010	\$ -	\$ 175,010	\$ -	\$ (121,700)	\$ 53,310

\*Instruments not governed by a master netting agreement.

6. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Fund discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (level 3 measurements). The guidance establishes three levels of the fair value hierarchy as follows:

Level 1: Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access at the measurement date;

Level 2: Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active;

**PERFORMA HIGH YIELD FUND LTD.**  
**NOTES TO THE FINANCIAL STATEMENTS**

December 31, 2016

*(Expressed in U.S. dollars)*

6. FAIR VALUE OF FINANCIAL INSTRUMENTS (cont'd)

Level 3: Inputs that are unobservable.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes observable requires significant judgment by the Investment Advisor.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes observable requires significant judgment by the Investment Advisor. The Investment Advisor considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Investment Advisor's perceived risk of that instrument.

Derivative instruments can be exchange-traded or privately negotiated over-the-counter ("OTC"). Exchange-traded derivatives, such as futures contracts, are typically classified within level 1 or level 2 of the fair value hierarchy depending on whether or not they are deemed to be actively traded.

OTC derivatives, including currency forwards, are valued using third party quotations which are calculated using straight line interpolation of mid forward points as reported by time zone close from the market on which the foreign currency primarily trades. Certain OTC derivatives, such as generic forwards, have inputs which can generally be corroborated by market data and are therefore classified within level 2.

Those OTC derivatives that have less liquidity or for which inputs are unobservable are classified within level 3. While the valuations of these less liquid OTC derivatives may utilize some level 1 and/or level 2 inputs, they also include other unobservable inputs which are considered significant to the fair value determination. At each measurement date, the Investment Advisor updates the level 1 and level 2 inputs to reflect observable inputs, though the resulting gains and losses are reflected within level 3 due to the significance of the unobservable inputs. There were no level 3 financial instruments held during the year or at year end.

7. TAXES

Under current laws, there are no income, profit, capital or capital gains taxes levied in Bermuda, and accordingly, no provision for such taxes has been recorded by the Fund. In the event that such taxes are levied, the Fund has received an undertaking from the Government of Bermuda exempting it from all such taxes until March 31, 2035.

Management has reviewed the Fund's tax positions for all open tax years and has concluded that no provision for uncertain tax positions is required in the Fund's financial statements as of December 31, 2016. Such open tax years remain subject to examination by tax authorities.
